

Learning can happen anywhere. Interactive and hands-on learning is the best way for anyone to learn, especially our kiddos.

The following pages provide a schedule of ways to have fun learning. Each day has its own “theme” and a few suggestions to go with it. This way, you don’t have to feel overwhelmed that you have to do it all every day. Perhaps you need a little help to organize yourself and your to-do list. Maybe you need a reminder to slow yourself down from the hectic reality of our lives and spend a little time embedding a little learning into our schedule and routines.

Following the “schedule”, you will see some listed benefits of each area.

Following that, you will find a more formally guided activity.

You are encouraged to complete an activity (your own and/or the guided activity) and share your results with us. Take a photo, a video, and/or write a journal entry with your child’s dictated words.

**Interactive activities:** \* are a fun way for kids to play & learn. \*physical activities promote fitness & health. \*games & puzzles aid in skill development. \*collaborative activities improve social skills & tighten bonds. \*cooperative games teach essential life lessons.

**Having fun:** \*reduces stress. \*improves our ability to cope. \*boosts energy. \*improves memory & concentration. \*improves our connections with others. \*improves sounder sleep.

*Guided Activity:*

**Play an egg balance game!**

*(or your favorite board game)*

**Materials:**

Spoon; Egg (plastic, hard boiled or raw!) or ping pong ball

If using plastic; rock may be placed inside to weigh it down.

**What to do:**

Pick an area outside with a straight line between two points – for example from your sidewalk to a tree. Holding a spoon with an egg balanced on top, have child walk to first point, turn around and walk back.

**Extension:**

Can you balance the egg when walking quickly? In slow motion? Taking big steps?

**ISBE Learning Standards:**

*Social Emotional* 30AECb Use communication skills; 30CECd Demonstrate engagement and attention; 30CECc Show some initiative, self-direction, and independence in actions.

*Physical* 19AECb Move with balance and control in a range of physical activities.; 19CECa Follow simple rules

## Recommended Reading:

Read your favorite book today!

Ask your child why they chose that book. What do they love about it? Why is it their favorite?

Have your child draw a character from the book! Share with your teachers!
