

Learning can happen anywhere. Interactive and hands-on learning is the best way for anyone to learn, especially our kiddos.

The following pages provide a schedule of ways to have fun learning. Each day has its own “theme” and a few suggestions to go with it. This way, you don’t have to feel overwhelmed that you have to do it all every day. Perhaps you need a little help to organize yourself and your to-do list. Maybe you need a reminder to slow yourself down from the hectic reality of our lives and spend a little time embedding a little learning into our schedule and routines.

Following the “schedule”, you will see some listed benefits of each area.

Following that, you will find a more formally guided activity.

You are encouraged to complete an activity (your own and/or the guided activity) and share your results with us. Take a photo, a video, and/or write a journal entry with your child’s dictated words.

**Interactive activities:** \* are a fun way for kids to play & learn. \*physical activities promote fitness & health. \*games & puzzles aid in skill development. \*collaborative activities improve social skills & tighten bonds. \*cooperative games teach essential life lessons.

**Having fun:** \*reduces stress. \*improves our ability to cope. \*boosts energy. \*improves memory & concentration. \*improves our connections with others. \*improves sounder sleep.

## Guided Activity:

### Animal Face Snack

Make a fun healthy snack and design it to look like an animal face.

#### Materials:

Choose at least one from each category:

1. Base: bread, toast, bagel, rice cake, graham cracker
2. Spread: peanut butter, Nutella, cream cheese
3. Topping: banana, blueberries, strawberries

#### What to do:

Help your child spread the spread on their base. Then top with fruit to create a face. Enjoy!

#### Extension:

Talk about the different food groups that are included in your snack.

Build independence, small muscles and coordination by letting your child spread and slice.

#### ISBE Early Learning Standards:

*Physical Development & Health:* 19AECc Use strength and control; 19CECa Follow safety rules; 23AECa Identify body parts; 23BECb Identify healthy and nonhealthy foods.

*Social Emotional:* 30CECc Show initiative, self-direction, and independence; 31BECb Engage in cooperation.
